STANDARD OPTIONS (see chart for pricing)

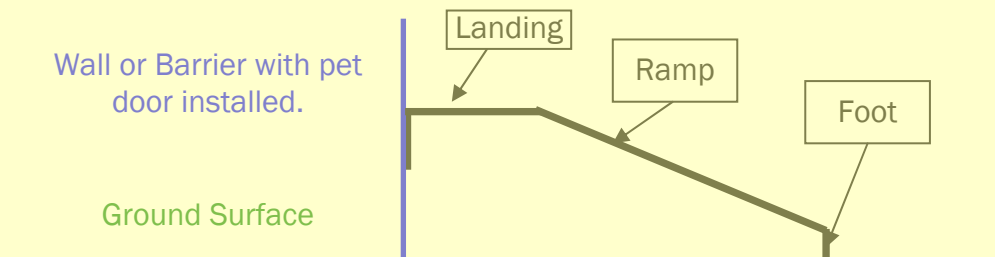

Add Optional Landing Yes No
 (depth will be as follows: SM=7", M=9", L=12", XL=15", G=17")

Add Optional 2" Foot Yes No

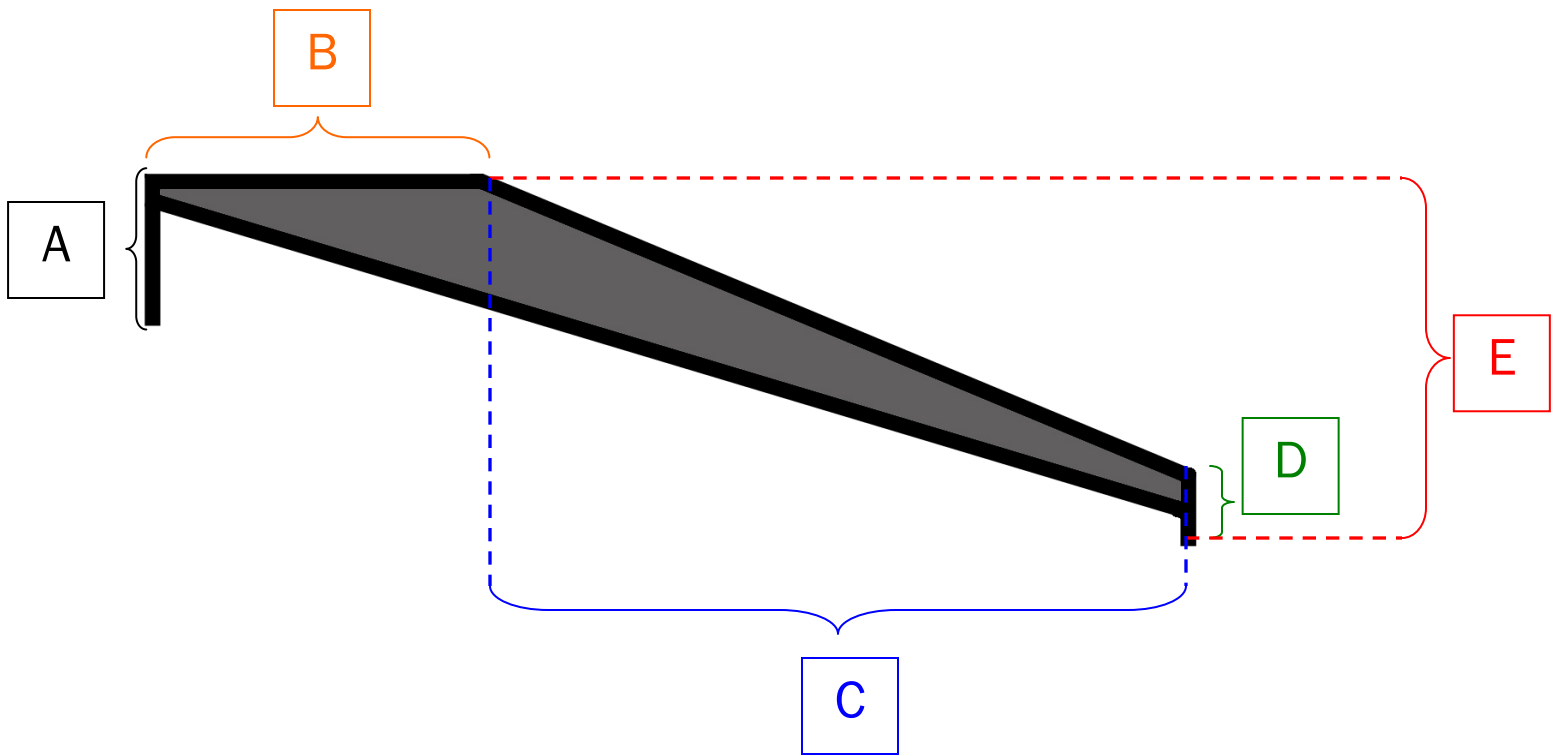

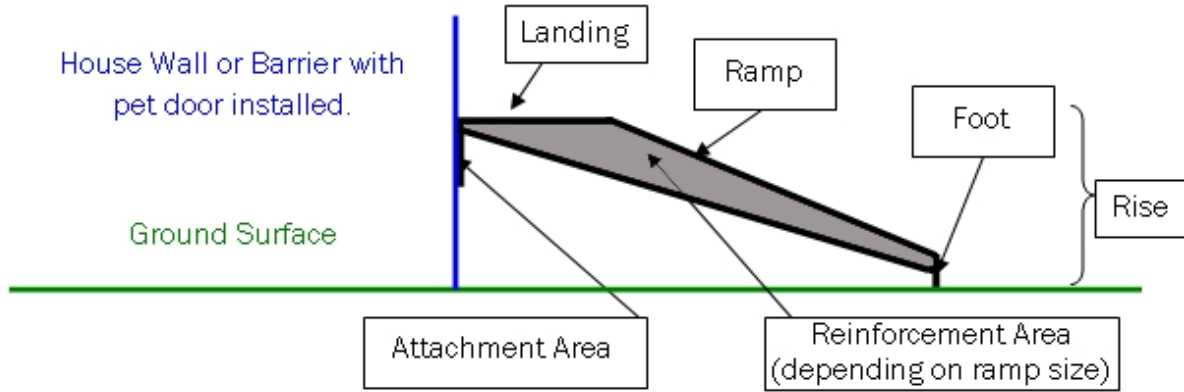

If you circle both options above your ramp configuration will look like the below graphic.

CUSTOM OPTIONS: (pricing varies with options chosen)

Custom Ramp Dimensions:

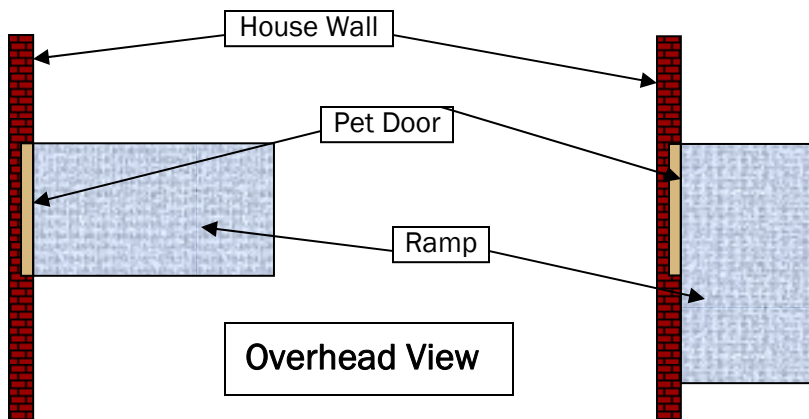

(fill in the blanks for each measurement—if you do not need a landing or a foot, please put a “0” in the blank) – (ramp length and slope determined by other measurements)

- A – _____ inches
- B – _____ inches
- C – _____ inches
- D – _____ inches
- E – _____ inches

Ramp Placement:

Standard ramp placement is perpendicular to the house wall or barrier (see picture). Ramp can also be placed parallel to the wall or barrier but this option requires a different attachment and support method. Please note which option you are choosing below. (NOTE: If your ramp is running parallel to your house but is attached to a barrier, please check the perpendicular option below.)

Perpendicular _____

Parallel _____

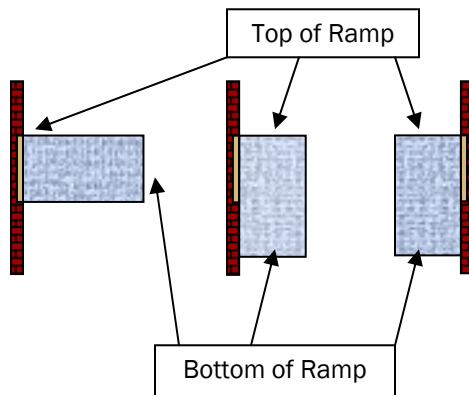

Ramp Attachment:

1) Are you attaching your ramp to: (mark one)

- a. _____ House Wall
- b. _____ Security Barrier
- c. _____ No attachment—self standing (if choosing this option, must have “A” measurement equal to “E” measurement in previous section)

2) Will ramp be attached by: (mark one)

- a. _____ End
- b. _____ Left Side
- c. _____ Right Side

Railing: Height above ramp surface _____

Location: Left Side Right Side Both Sides

Self-Standing: Finished height desired _____

Use customer provided carpet: Yes No
